## TITLE 14—CIVIL AVIATION

### Chapter I—Civil Aeronautics Board

#### Subchapter A—Civil Air Regulations

[Supp. 7, Amdt. 33]

#### PART 60—AIR TRAFFIC RULES

##### DANGER AREA ALTERATIONS

Under sections 205 and 601 of the Civil Aeronautics Act of 1938, as amended, and § 60.13 of the Civil Air Regulations, the Administrator of Civil Aeronautics is authorized to designate as a danger area any area within which he has determined that an invisible hazard to air-

craft in flight exists, and no person may operate an aircraft within a danger area unless permission for such operation has been issued by appropriate authority. Such areas have been designated and published.

The following danger area alterations have been coordinated with the civil operators involved, the Army, the Navy, and the Air Force, through the Air Coordinating Committee, Airspace Subcommittee, and should be adopted without delay, in order to promote safety of the flying public. Compliance with the notices, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to the public interest, and therefore is not required.

Acting pursuant to sections 205 and 601 of the Civil Aeronautics Act of 1938, as amended, and § 60.13 of the Civil Air Regulations, and in accordance with sections 3 and 4 of the Administrative Procedure Act, I hereby amend the Code of Federal Regulations, Title 14, Chapter I, Part 60, § 60.13-1, as follows:

1. An Exercise Swarmer, temporary area, over parts of North and South Carolina, is added to read:

#### PART 1—PRACTICE AND PROCEDURE

##### CORRECTION OF TRANSCRIPTS OF ORAL ARGUMENTS

In the matter of amendment of § 1.854 of the Commission's rules and regulations to provide for the correction of transcripts of oral arguments.

At a session of the Federal Communications Commission held in its offices in Washington, D. C., on the 12th day of April 1950;

The Commission having under consideration its rules and regulations relating to exceptions, briefs, and requests for oral argument, as set forth in § 1.854; and

It appearing, that § 1.854 does not specifically provide for the correction of transcripts of oral arguments; and

It further appearing, that for the purpose of clarity and consistency it is desirable to amend § 1.854 to add a new paragraph (e) to provide a procedure for the correction of transcripts of oral argument;

It is therefore ordered, This 12th day of April 1950, pursuant to sections 4 (j) and 303 (r) of the Communications Act of 1934, as amended, that § 1.854 of the Commission's rules and regulations is amended by adding a new paragraph (e) to read as follows:

(e) Within ten days after a transcript of oral argument has been filed in the office of the Secretary of the Commission, any party who participated in the oral argument, and the General Counsel,

Within five days other parties, and the General Counsel, may file a pleading in support of or in opposition to such motion. Thereafter, the Commissioner who presided at the oral argument shall, by order, specify the corrections to be made in the transcript, and a copy of the order shall be served upon all parties to the proceeding. The Commissioner who presided at the oral argument, on his own initiative, may specify corrections to be made in the transcript on five days' notice.

In view of the procedural nature of the regulation here involved, public notice and proposed rule-making procedure required by section 4 of the Administrative Procedure Act are not applicable to the above described amendment; and

#### PART 95—CAR SERVICE

##### SURVEY OF REPAIRS TO BAD ORDER CARS ON CLASS I RAILROADS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 14th day of April A. D. 1950.

It appearing, that shortages of freight cars, particularly box, gondola, hopper, and flat cars have increased recently; that the increasing demand for such equipment will create further shortages; that the number of unserviceable cars of the above types has materially increased during the period since April 1, 1949; that these conditions impede and diminish the use, control, supply, movement, distribution, exchange, interchange and return of such cars; in the opinion of the Commission an emergency exists requiring immediate action in all sections of the country. It is ordered that:

§ 95.849 Survey of repairs to bad order cars on Class I railroads. (a) Homer C. King, Director, Bureau of Service, Interstate Commerce Commission, Washington, D. C., is hereby directed to ascertain through the Car Service Division of the Association of American Railroads, the number of unserviceable cars of the above-named types, held for repairs on each Class I Railroad subject to the Interstate Commerce Act, which has in excess of 5 percent of its car ownership in an unserviceable condition on April 1, 1950, April 15, 1950; and each semi-monthly period thereafter. The number of cars scheduled for demolition also to be ascertained separately.

## CIVIL AERONAUTICS BOARD

### [ 14 CFR, Part 43 ]

#### AIRCRAFT IDENTIFICATION MARKS

##### NOTICE OF PROPOSED RULE MAKING

Pursuant to authority delegated by the Civil Aeronautics Board to the Bureau

of Safety Regulation, notice is hereby given that the Bureau will propose to the Board an amendment of Part 43 of the Civil Air Regulations in substance as hereinafter set forth.

Interested persons may participate in the making of the proposed rules by submitting such written data, views, or arguments as they may desire. Communications should be submitted, in duplicate, to the Civil Aeronautics Board, attention Bureau of Safety Regulation, Washington 25, D. C. All communications received prior to May 5, 1950, will be considered by the Board before taking further action on the proposed rules. A copy of such communications will be available after May 10, 1950, for perusal by interested persons at the Dockets Section of the Board, Room 5412, Commerce Building, Washington 25, D. C.

Currently effective Part 43 requires that after December 31, 1950, all aircraft shall display identification marks consisting of the Roman capital letter "N" denoting U. S. registration followed by the registration number. Thus, the Roman capital letter denoting the airworthiness classification, which presently may follow the Roman capital letter "N" on aircraft registered prior to December 31, 1948, must be removed on or before December 31, 1950.

At the time the current deadline date, December 31, 1950, was established it was anticipated that all fabric-covered aircraft would, prior to that date, require either recovering or refinishing and that therefore the imposition of the stated deadline would not create any undue burden upon owners and operators of fabric-covered aircraft. However, we have recently been advised by individual aircraft owners and industry associations that a considerable number of fabric-covered aircraft will not require recovering or refinishing prior to December 31, 1950, and these groups have requested that the established deadline date be postponed until such time as it is necessary to recover or refinish such aircraft to the extent that the identification mark must be reapplied.

It will be noted that the adoption of the current requirement was necessitated by the fact that there was at that time an increasing number of aircraft being registered which resulted in the assignment of identification marks employing six numerals, and that it was therefore considered desirable that identification marks with fewer digits be employed. Thus, it can be seen that the basic purpose of this amendment was to effect better administration of the registration of aircraft rather than to increase the safety of the aircraft to be flown. Therefore, we see no cogent reason from a safety standpoint why the deadline date may not be postponed with respect to fabric-covered aircraft until the first time subsequent to the effective date of the proposed amendment such aircraft are recovered or refinished to an extent requiring reapplication of the identification mark.

In view of the fact that aircraft operated in foreign or overseas air commerce with identification marks which do not comply with the current requirements would, after December 31, 1950, be in violation of the provisions of Annex 7 to the Convention on International Civil Aviation, (Aircraft Nationality and Registration Marks), we further propose to postpone the effective date of the current requirements only with respect to fabric-covered aircraft operated within the continental limits of the United States.

Accordingly, we propose to amend § 43.10 (c) (6) to provide that fabric-covered aircraft operated within the continental limits of the United States with identification marks containing an airworthiness classification symbol may continue to display such identification mark until the first time subsequent to the effective date of this proposed amendment such aircraft are recovered or refinished to an extent necessitating the reapplication of the identification mark. We do not propose, however, to change the current regulations which permit the display of the new mark prior to December 31, 1950, at the option of the owner or operator.

This amendment is proposed under the authority of Title VI of the Civil Aeronautics Act of 1938, as amended.

## SECURITIES AND EXCHANGE COMMISSION

[File No. 70-2369]

INTERSTATE POWER CO.

NOTICE OF FILING AND NOTICE OF AND ORDER  
FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C. on the 12th day of April A. D. 1950.

Notice is hereby given that Interstate Power Company ("Interstate"), a registered holding company and a public utility company, has filed an application-declaration with this Commission pur-

suant to Sections 6 (a), 7, 9 (a), 10 and 12 (c) of the Public Utility Holding Company Act of 1935 ("act"), and Rules U-24 and U-50 promulgated thereunder, with respect to the issuance and sale of securities as described below.

All interested persons are referred to said declaration which is on file in the offices of this Commission for a statement of the transactions therein proposed which are summarized as follows:

The outstanding securities of Interstate as of December 31, 1949, were as follows:

<b>Funded debt:</b>	
<b>First Mortgage Bonds:</b>	
3 3/4 % Series due 1978.....	\$20,000,000
4 1/4 % Series due 1978.....	5,000,000
4 % Secured Debentures due 1988.....	5,000,000
3 % Collateral Promissory Notes due June 30, 1950 (secured by nominally issued 4 1/4 % bonds).....	2,400,000
<b>Total.....</b>	<b>32,400,000</b>
<b>Common Stock—\$3.50 par value; 1,800,000 shares issued and outstanding.....</b>	<b>6,300,000</b>

On March 24, 1950 the Commission permitted to become effective a declaration filed by Interstate regarding an amendment to its Certificate of Incorporation providing for the authorization of 250,000 shares of preferred stock with a par value of \$50 per share. The authorization of the preferred stock will be voted on by Interstate's stockholders at the stockholders' annual meeting to be held on May 2, 1950.

Interstate proposes: (1) To issue and sell, pursuant to the competitive bidding requirements of Rule U-50, \$3,000,000 principal amount of First Mortgage Bonds -- percent Series due 1980, and 275,000 shares of additional common stock, with a par value of \$3.50 per share.

(2) To enter into an agreement with the single holder (Metropolitan Life Insurance Company of New York) of all of Interstate's presently outstanding 4 3/4 percent Secured Debentures, providing for a reduction of the interest rate on said debentures to 3 3/4 percent.

(3) To issue and sell 100,000 shares of preferred stock, with a par value of \$50 per share.

With respect to the transactions set forth in paragraphs (2) and (3) above, Interstate requests an exception from the competitive requirements of Rule U-50 and that the order or orders granting such exception be entered prior to and independently of the other orders requested.

It is stated that the proceeds from the sales of the securities proposed to be sold, as set forth above, are to be used for the following purposes:

(a) Redeem Interstate's presently outstanding \$5,000,000 principal amount of 4 1/2 percent Series First Mortgage Bonds at the current redemption price thereof, 105 1/2 percent;

(b) Pay and discharge Interstate's outstanding \$2,400,000 principal amount of 3 percent Collateral Promissory Notes due June 30, 1950; and

(c) Provide funds (approximately \$2,700,000) to finance Interstate's construction requirements for 1950 and re-

imburse its treasury for working capital.

In the event that the financing proposed herein is not consummated prior to June 26, 1950, Interstate requests an order permitting it to extend the maturity date of the presently outstanding \$2,400,000 Collateral Promissory Notes from its due date June 30, 1950, to a later date or dates not extending beyond June 30, 1951, or in the event such extension cannot be obtained that Interstate be permitted to issue and sell Collateral Promissory Notes maturing not later than 1 year from issuance in amounts aggregating not more than \$2,400,000 and secured by the pledge of \$2,400,000 of First Mortgage Bonds 4 1/2 percent Series due 1978, the proceeds thereof to be applied toward the payment and discharge of the presently outstanding \$2,400,000 principal amount of 3 percent Collateral Promissory Notes due June 30, 1950.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to the aforesaid application-declaration and that said application-declaration should not be granted or permitted to become effective except pursuant to the further order of this Commission:

*It is ordered*, That a hearing on such matters under the applicable provisions of the act and the rules thereunder be held on May 4, 1950, at 10:00 a. m., e. s. t. or e. d. s. t., whichever is effective in Washington, D. On such date the hearing room clerk in Room 101 will advise as to the room in which such hearing will be held. Any person desiring to be heard or otherwise wishing to participate in the proceedings should file with the Secretary of the Commission, on or before April 28, 1950, a request or application relative thereto as provided by Rule XVII of the Commission's rules of practice. In the event that amendments to the application-declaration are filed during the course of the proceedings, no notice of such amendments will be given unless specifically ordered by the Commission. Any person desiring to receive notice of the filing of any amendments should specifically request Interstate for such notice or should file an appearance in these proceedings.

*It is further ordered*, That James G. Ewell or any other officer or officers of the Commission designated for that purpose shall preside at the hearing on such matters. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a hearing officer under the Commission's rules of practice.

The Division of Public Utilities of the Commission having advised the Commission that it has made a preliminary examination of the application-declaration, and that, upon the basis thereof, the following matters and questions are presented for consideration by the Commission, without prejudice, however, to the specification of additional matters or questions upon further examination:

(1) Whether the proposed issuances and sales by Interstate of bonds, preferred stock and common stock and the proposed reduction of the interest rate on Interstate's Secured Debentures meet the requirements of section 7 of the act;

(2) Whether an exception from the competitive bidding requirements of Rule U-50 in respect of both the proposed sale by Interstate of preferred stock and the proposed reduction of the interest rate on Interstate's Secured Debentures, or either of these transactions, is appropriate under the circumstances of this case;

(3) Whether the fees, commissions or other remunerations to be paid in connection with the proposed transactions are reasonable;

(4) Whether it is necessary or appropriate to impose terms or conditions with respect to the proposed transactions in the public interest or for the protection of investors or consumers and, if so, what terms and conditions should be imposed;

(5) Generally, whether the transactions proposed in the application-declaration comply with the requirements of the applicable provisions of the act and the rules promulgated thereunder;

*It is further ordered*, That particular attention shall be directed at said hearing to the foregoing matters and questions.

*It is further ordered*, That jurisdiction be and is hereby reserved to separate, either for hearing, in whole or in part, or for disposition, in whole or in part, any of the issues, questions or matters hereinbefore set forth or which may arise in this proceeding or to take such other action as may appear necessary or appropriate to an orderly, prompt and economical disposition of the matters involved.

*It is further ordered*, That a copy of this notice shall be mailed by registered mail to Interstate Power Company and Metropolitan Life Insurance Company of New York; that notice shall be given to all other persons by general release of this Commission which shall be distributed to the press and mailed to all persons on the mailing list for releases issued under the act, and by publication of this notice in the FEDERAL REGISTER.

By the Commission.

GENERAL PUBLIC UTILITIES CORP.

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 12th day of April A. D. 1950.

Notice is hereby given that a declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by General Public Utilities Corporation ("GPU"), a registered holding company. Declarant has designated section 12 of the act and

Rule U-45 promulgated thereunder as applicable to the proposed transaction.

Notice is further given that any interested person may, not later than April 25, 1950, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said declaration which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after April 25, 1950 said declaration, as filed or amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said declaration which is on file in the office of this Commission for a statement of the transaction therein proposed, which is summarized as follows:

GPU proposes to make a \$4,000,000 cash capital contribution to its subsidiary, Associated Electric Company ("Aeco"), out of the proceeds realized by GPU from the sale by it of the common stock of Staten Island Edison Corporation ("Staten Island"). Aeco will utilize such contribution to repay the principal of its bank loans presently outstanding in the principal amount of \$4,000,000. Aeco will credit an amount equivalent to such cash capital contribution to its capital surplus account.

GPU requests that, since the funds which will be contributed to Aeco were derived by GPU from the sale by it of the common stock of Staten Island which sale was consummated in order to comply with orders entered by the Commission requiring, pursuant to section 11 (b) of the act, divestment by GPU of its investment in Staten Island, the Commission find that the utilization by GPU of \$4,000,000 of the proceeds of such sale as a cash capital contribution to Aeco and the crediting by Aeco to its capital surplus account of an amount equivalent to such cash capital contribution is necessary and appropriate to effectuate the provisions of section 11 (b) of the act, and GPU further requests that the order of the Commission permitting this declaration to become effective be in such form as will meet the requirements of sections 371-373, inclusive, and 1808 (f) of the Internal Revenue Code.

By the Commission.

Secretary.
